Icons with hover tooltips in new card!

*Use the new card visual
to grab the best experience*

Lorem Ipsum is simply dummy text of the printing and typesetting industry. Lorem Ipsum has been the industry's standard dummy text ever since the 1500s, when an unknown printer took a galley of type and scrambled it to make a type specimen book. It has survived not only five centuries, but also the leap into electronic typesetting, remaining essentially unchanged.

It was popularised in the 1960s with the release of Letraset sheets containing Lorem Ipsum passages, and more recently with desktop publishing software like Aldus PageMaker including versions of Lorem Ipsum.

Insert the new card visual

```
1 empty measure = ""
```

Create an empty measure!

The image shows a software interface with a 'Suggest a visual' panel on the left and a visualization card on the right. The panel includes a 'Suggestions' section with three icons (a lightning bolt with '123', a '123' box, and a grid), an 'Arrange data for me' toggle set to 'Off', a 'Data' section with an 'empty measure' input field and a '+Add data' button, and a 'Tooltips' section with a '+Add data' button. The visualization card is a large rectangle with a border and corner handles, containing the text 'empty measure'. A red arrow points from the '+Add data' button in the 'Data' section of the panel to the text 'empty measure' inside the card.

Insert the empty measure inside the new card

Thanks!

You are amazing!

I want to express my heartfelt gratitude to each and every one of you. Your support, enthusiasm, and positive energy make our community a truly special place. Together, we've created a space where ideas flourish, friendships grow, and support abounds. Thank you for being the heart and soul of this wonderful community.

Let's continue to thrive together, inspire one another, and make our community even more vibrant in the days to come.

With sincere thanks,
Armand van Amersfoort
