How do i create this visual background?

Insert a empty measure in your semantic model or power bi report

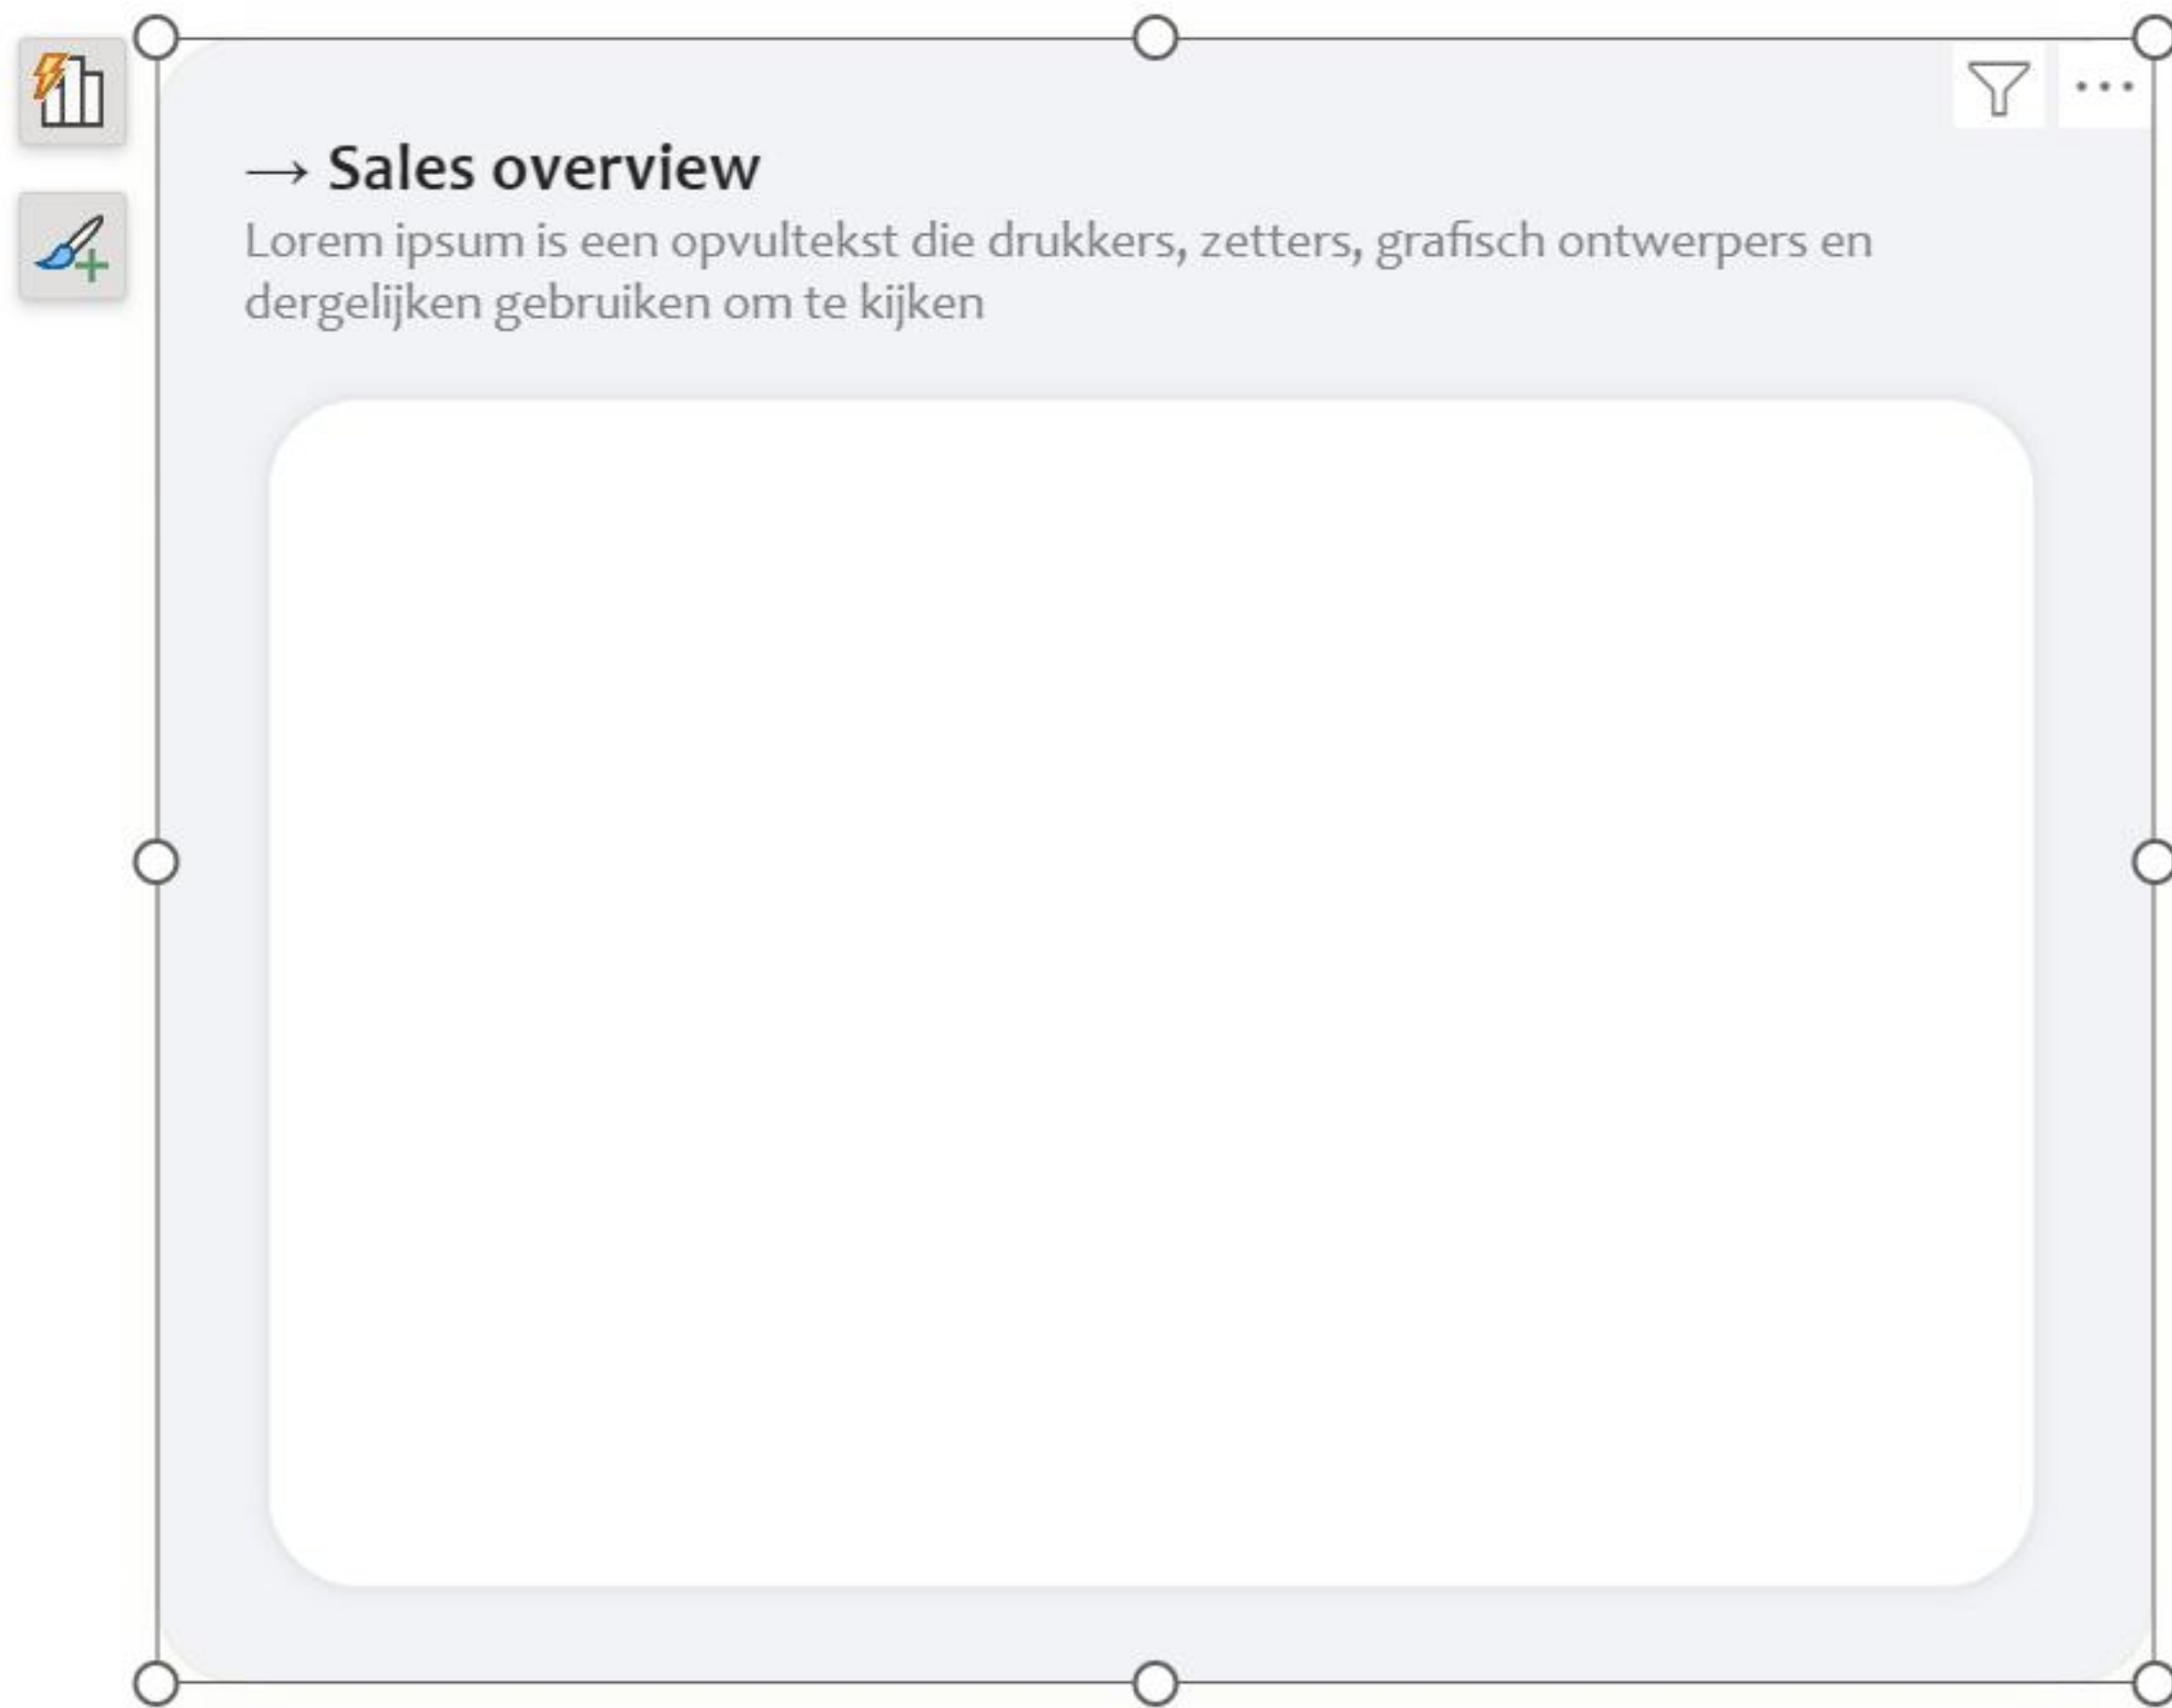

We go from the left default one to the right side! Come on!

The screenshot shows a BI tool interface. On the left is a 'Suggest a visual' panel with a close button (X). It contains a 'Suggestions' section with three icons (a lightning bolt with '123', a '123' box, and a grid), an 'Arrange data for me' toggle set to 'Off', a 'Data' section with a field containing 'Niks' and a '+Add data' button, and a 'Tooltips' section with a '+Add data' button. On the right is a canvas titled 'Sales overview' with a subtitle '→ Sales overview' and a paragraph of placeholder text: 'Lorem ipsum is een opvultekst die drukkers, zettters, grafisch ontwerpers en dergelijken gebruiken om te kijken'. The canvas has a large empty white area in the center. A red arrow points from the '+Add data' button in the 'Data' section of the 'Suggest a visual' panel to the empty area on the canvas.

Insert the new card visual on the canvas with the empty measure in it

As you can see i put the chart on top of the background we just created!

Because your chart background is off you can align the borders within the white background area!

NOW you can create this visual backgrounds?

Thanks!

You are amazing!

I want to express my heartfelt gratitude to each and every one of you. Your support, enthusiasm, and positive energy make our community a truly special place. Together, we've created a space where ideas flourish, friendships grow, and support abounds. Thank you for being the heart and soul of this wonderful community.

Let's continue to thrive together, inspire one another, and make our community even more vibrant in the days to come.

With sincere thanks,
Armand van Amersfoort
