# Measure inside a text box value

The image shows a dashboard interface with a red and orange header bar. On the left, there is a logo with the letter 'Z' and a home icon. The header contains several small square icons with a red 'X' inside. Below the header, there are two filter panels. The left panel is titled 'Categorieen' and contains two dropdown menus: 'Manufacturer' with 'All' selected and 'Segment' with 'All' selected. The right panel is titled 'Jaren' and contains a row of four buttons: '2015', '2014', '2013', and '20'. The background features a network diagram with red and blue nodes and connecting lines.

## Measure "Selected Products header"

How would you calculate this value

selected Products header

Result

\$% [dropdown] \$ % , ∞ Auto [dropdown]

Name your value

# Value 2

Save Cancel

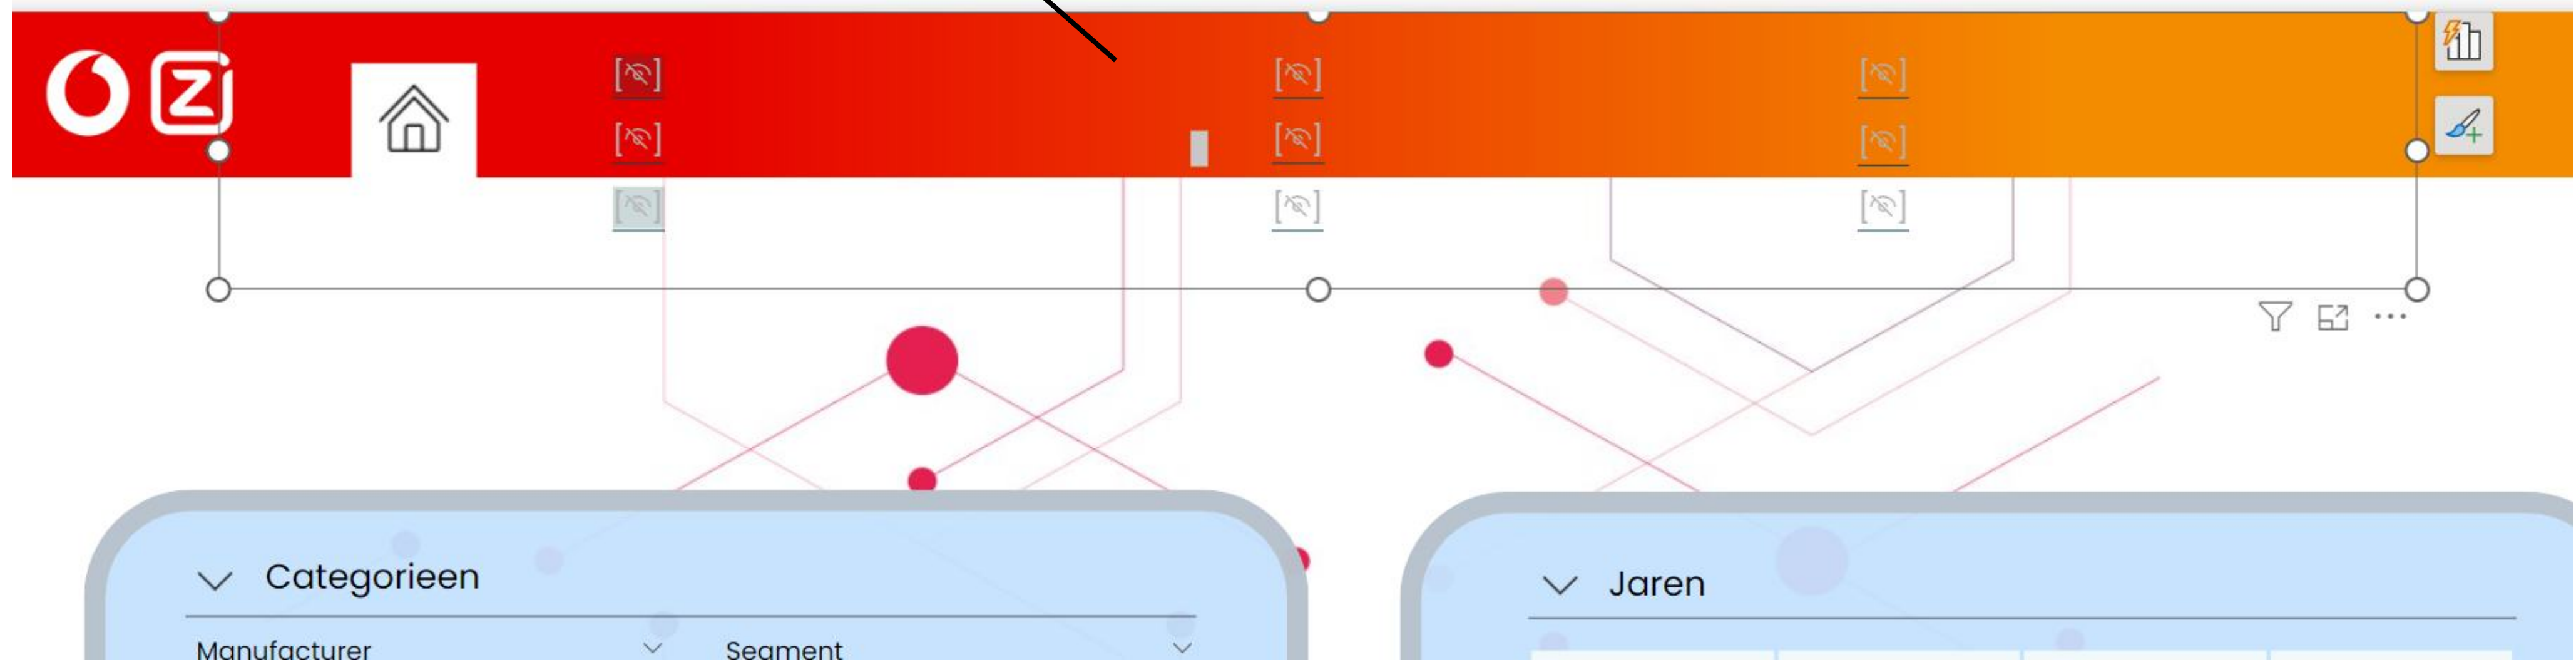

Show me the measure "Selected Products header"

```
1 Selected Products header =  
2 IF(  
3     [AllFilters] = 0,  
4     BLANK(),  
5     IF(  
6         NOT(  
7             ISFILTERED(Products[Product])  
8         ),  
9         "Products:",  
10        "Products: "  
11 )  
12 )
```

The grey background  
is a Base64 measure image

Region: No Selection	Category: Youth	Maand: Apr, Jun, Jul, Aug
Manufacturer: No Selection	Segment: Youth	Quarter: No Selection
Products: No selection	Country: France, Germany	Year: 2013, 2014, 2015

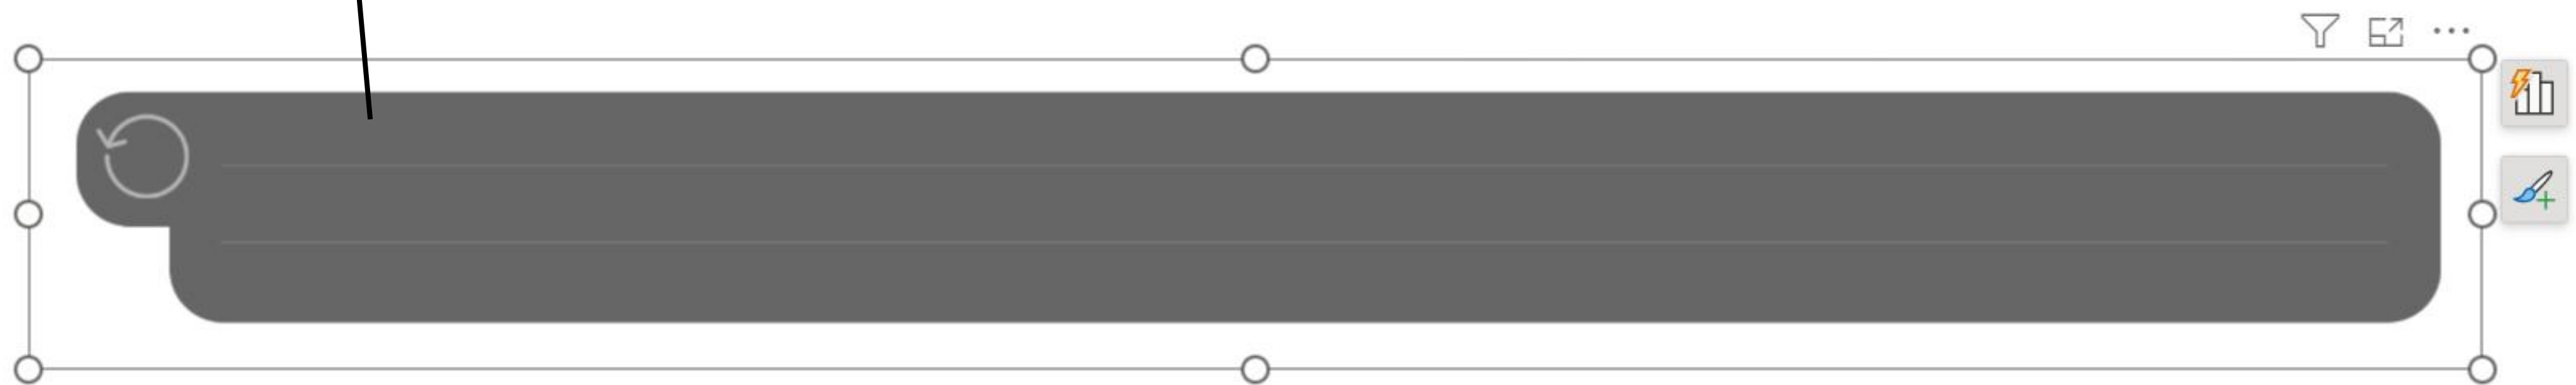

**Grey background in Power BI desktop  
shows only when something is filtered!**

## How did i create the grey background

I created 2 measures with a base64 image. The grey one is called "achtergrond" and the transparent one is "Achtergrond uit"

Manufacturer

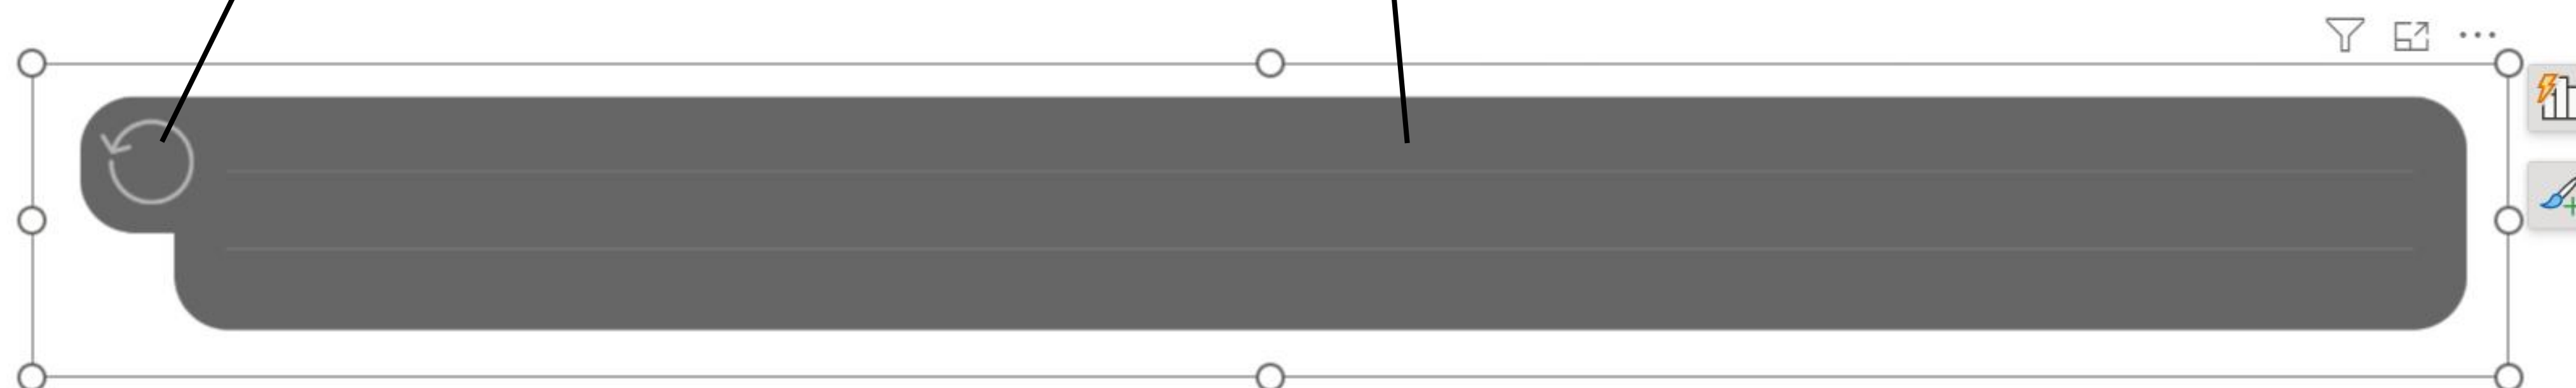

Palma

On the previous sheet you can see the measure when 1 of the filters is selected it show the measure "achtergrond", so the grey "image" shows!!

In the image i have also show a reset data icon within the image. So no separate icon

## How did i create the grey background

I created 2 measures with a base64 image. The grey one is called "achtergrond" and the transparent one is "Achtergrond uit"

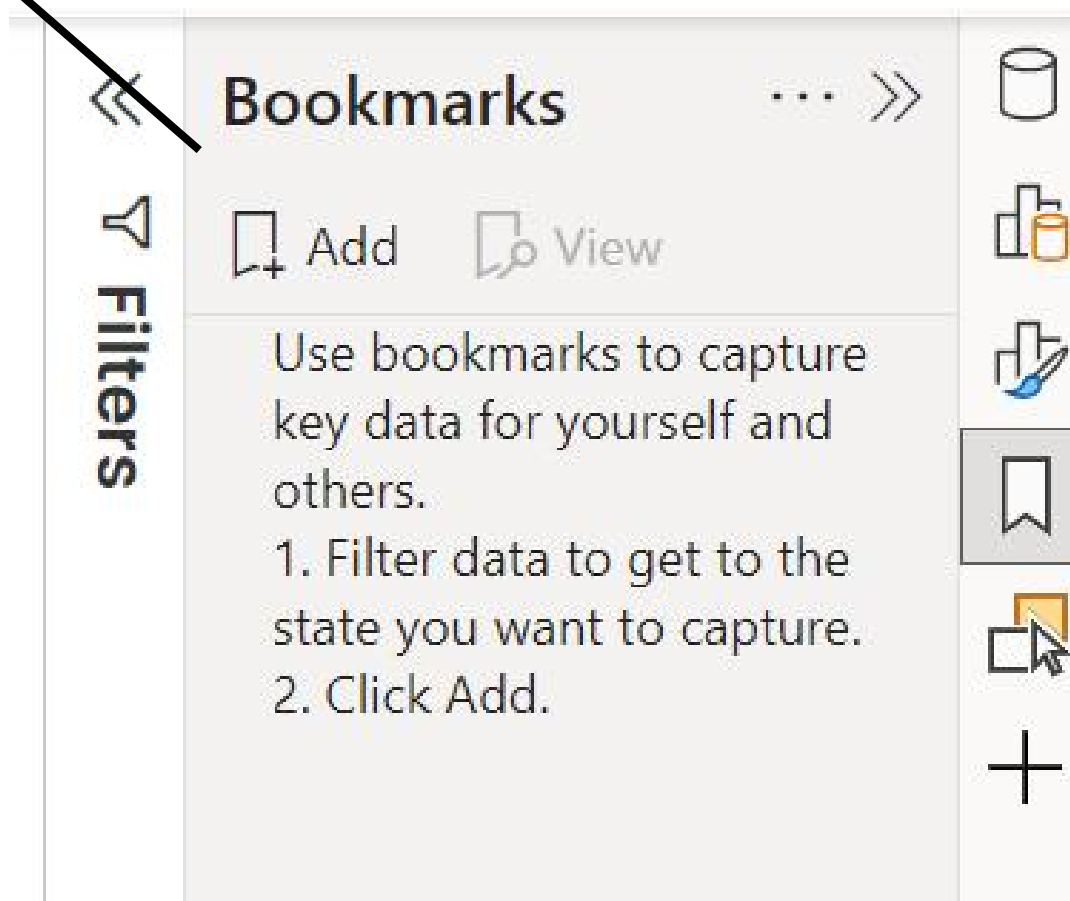

Manufacturer

Palma

On the previous sheet you can see the measure when 1 of the filters is selected it show the measure "achtergrond", so the grey "image" shows!!

## Clear all slicer trick!

I have a transparent button on the reset part with the action "Clear all slicers" and guess what! "The menu is off because that is what my measure is telling!"

See **NO BOOKMARKS!**

*Thanks!*

*You are amazing!*

I want to express my heartfelt gratitude to each and every one of you. Your support, enthusiasm, and positive energy make our community a truly special place. Together, we've created a space where ideas flourish, friendships grow, and support abounds. Thank you for being the heart and soul of this wonderful community.

Let's continue to thrive together, inspire one another, and make our community even more vibrant in the days to come.

With sincere thanks,  
Armand van Amersfoort

A handwritten signature in black ink, appearing to read 'Armand van Amersfoort', written over a horizontal line.
